Code for footer section

```html
<footer>
   <h3>Leave a reply</h3>

   <div>
      <p>Your email address will not be published. Required fields are marked
<span>*</span></p>

   <form>
      <label for="comment">Comment <span>*</span></label>
      <textarea id="comment" rows="10" cols="30" required=""></textarea>
      <br>

      <label for="name">Name <span>*</span></label>
      <input id="name" type="text" required />
      <br>

      <label for="email">Email <span>*</span></label>
      <input id="email" type="email" required />
```

```
    <br>

    <label for="website">Website</label>
    <input id="website" type="url" />
    <br>

    <button type="submit">Post comment</button>
  </form>

  </div>
</footer>
```
